

Ethical considerations and smart questions in telemetry

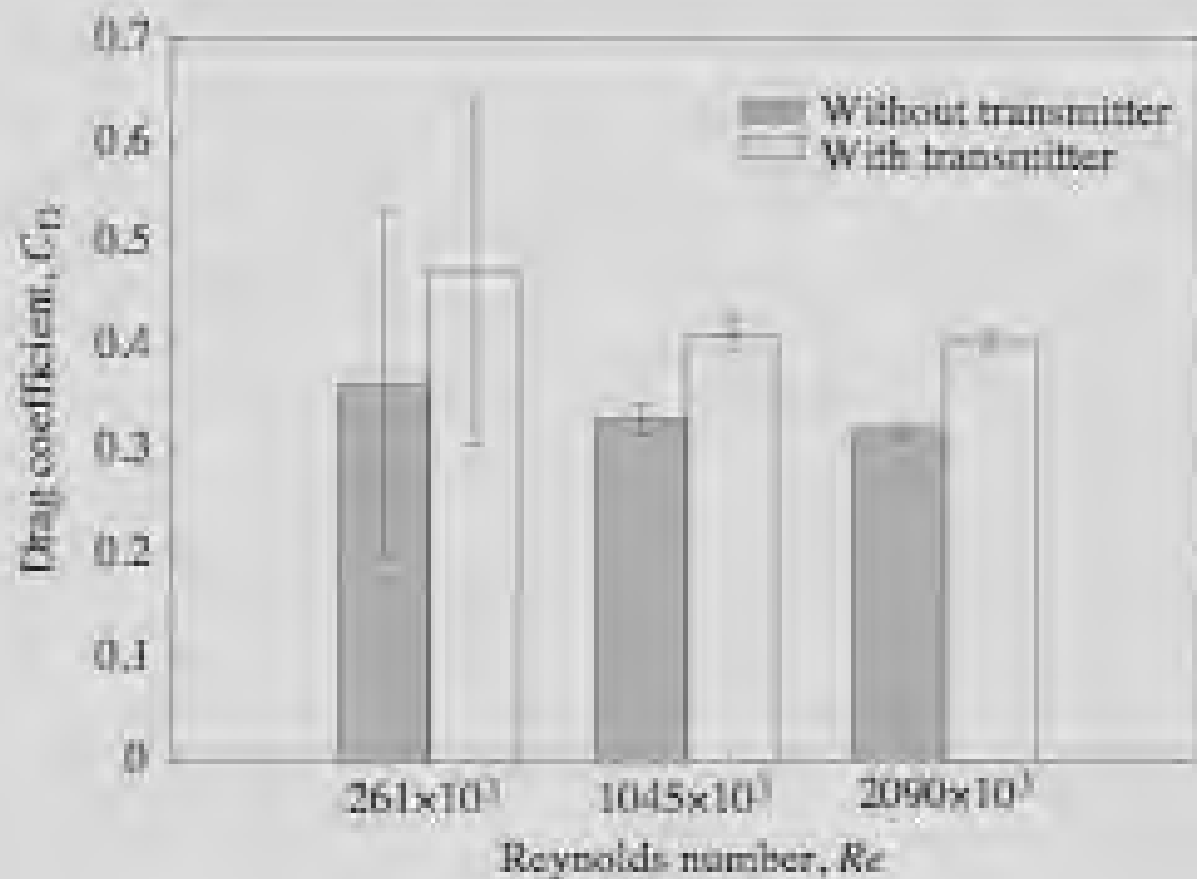

**Does the tagging process
affect the turtle?**

**Leatherbacks in Nova Scotia
Kemp's ridleys in NC, USA**

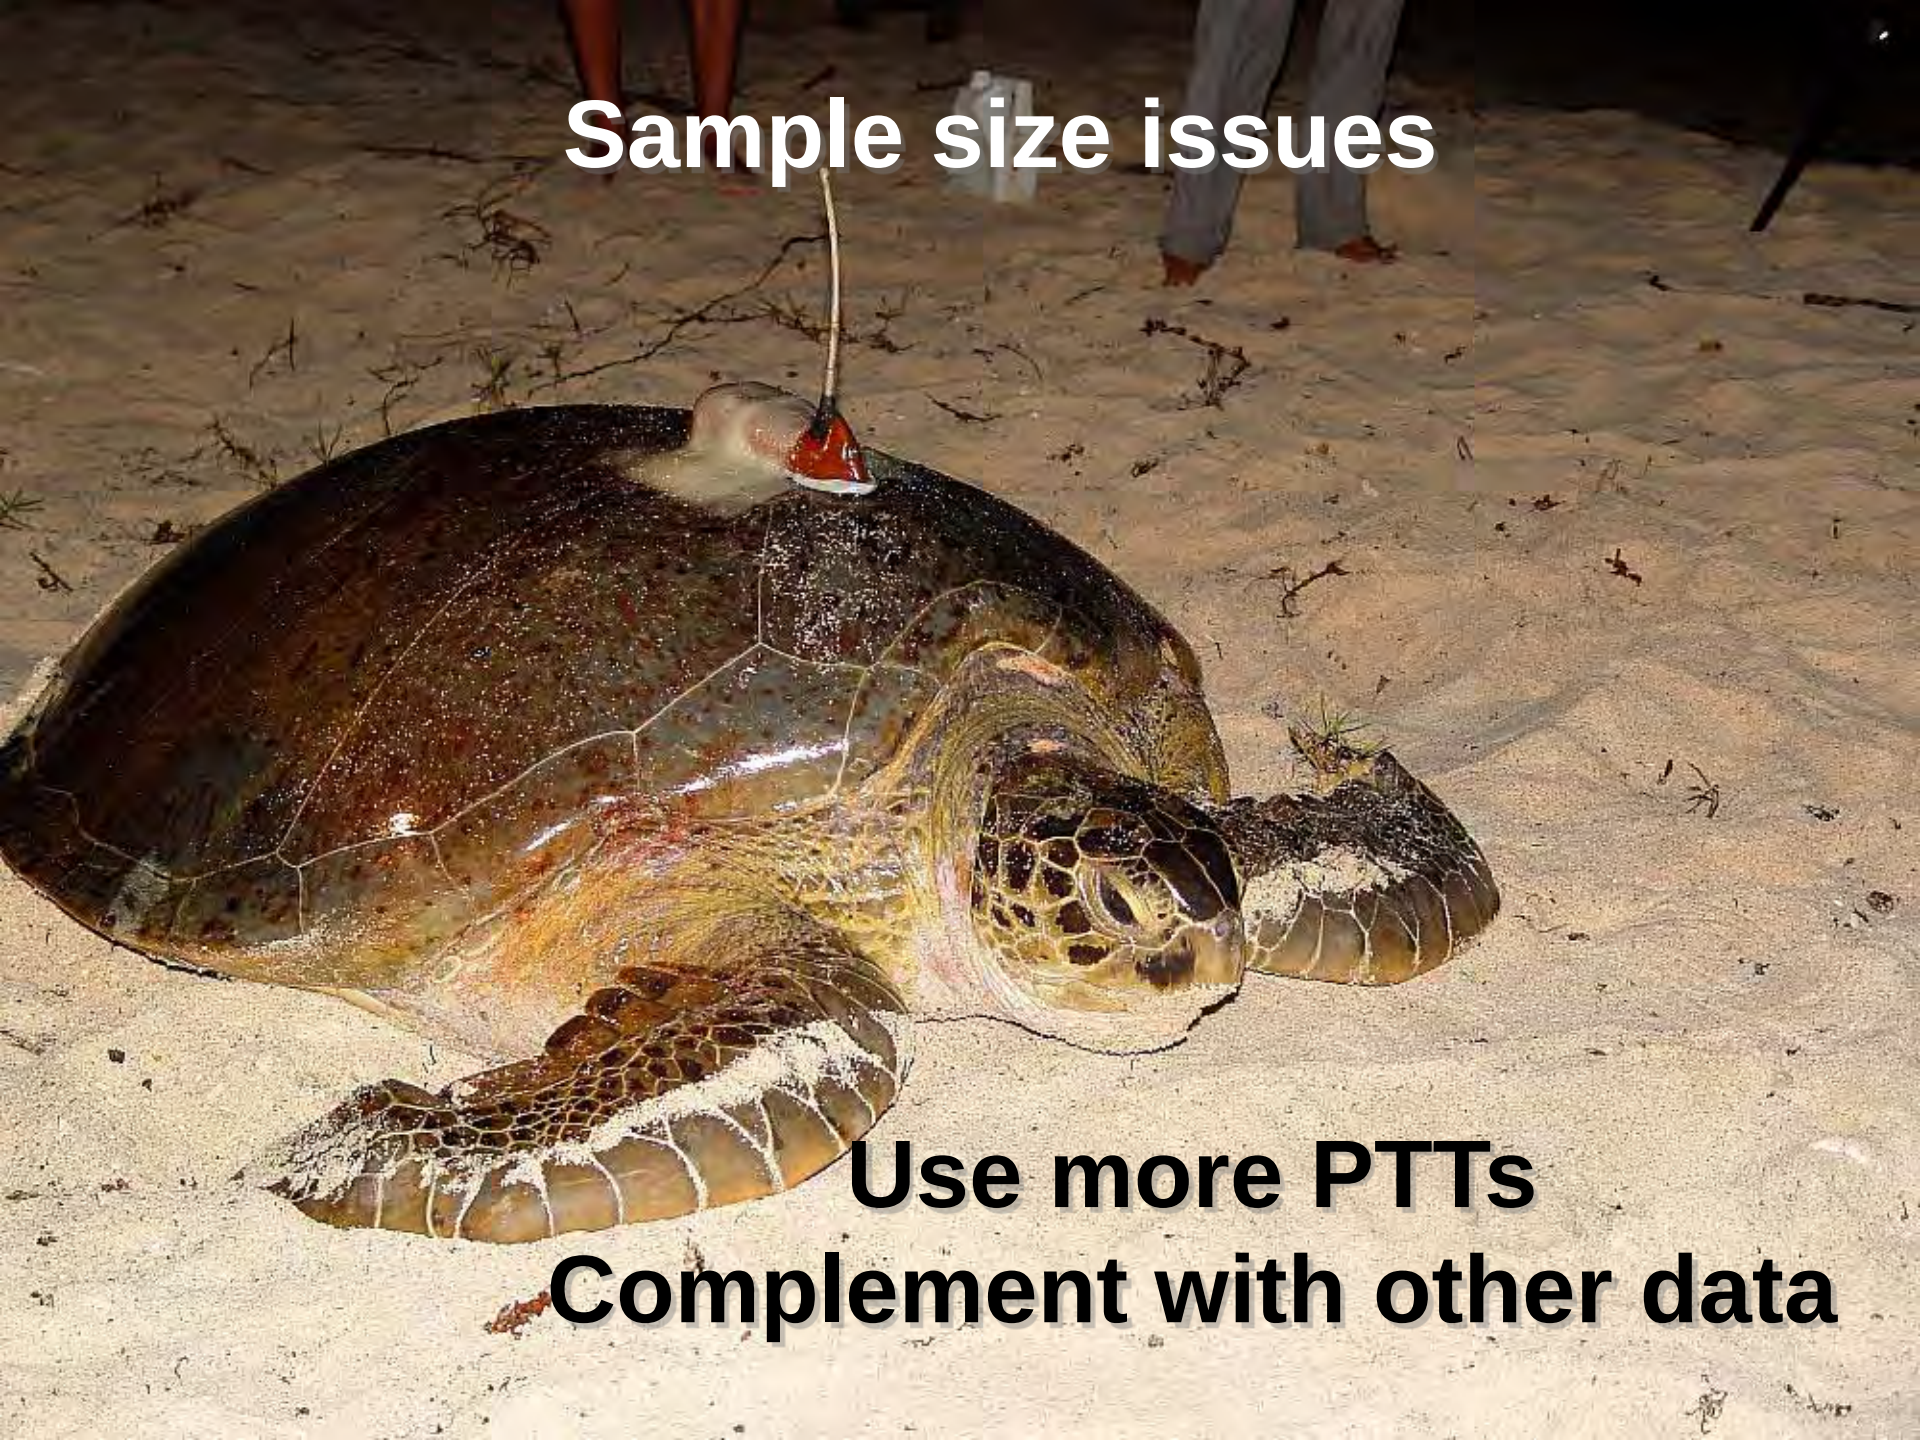

Does the tag or tag package affect the turtle?

**Recommendation: need to
assess and be self-reflective**

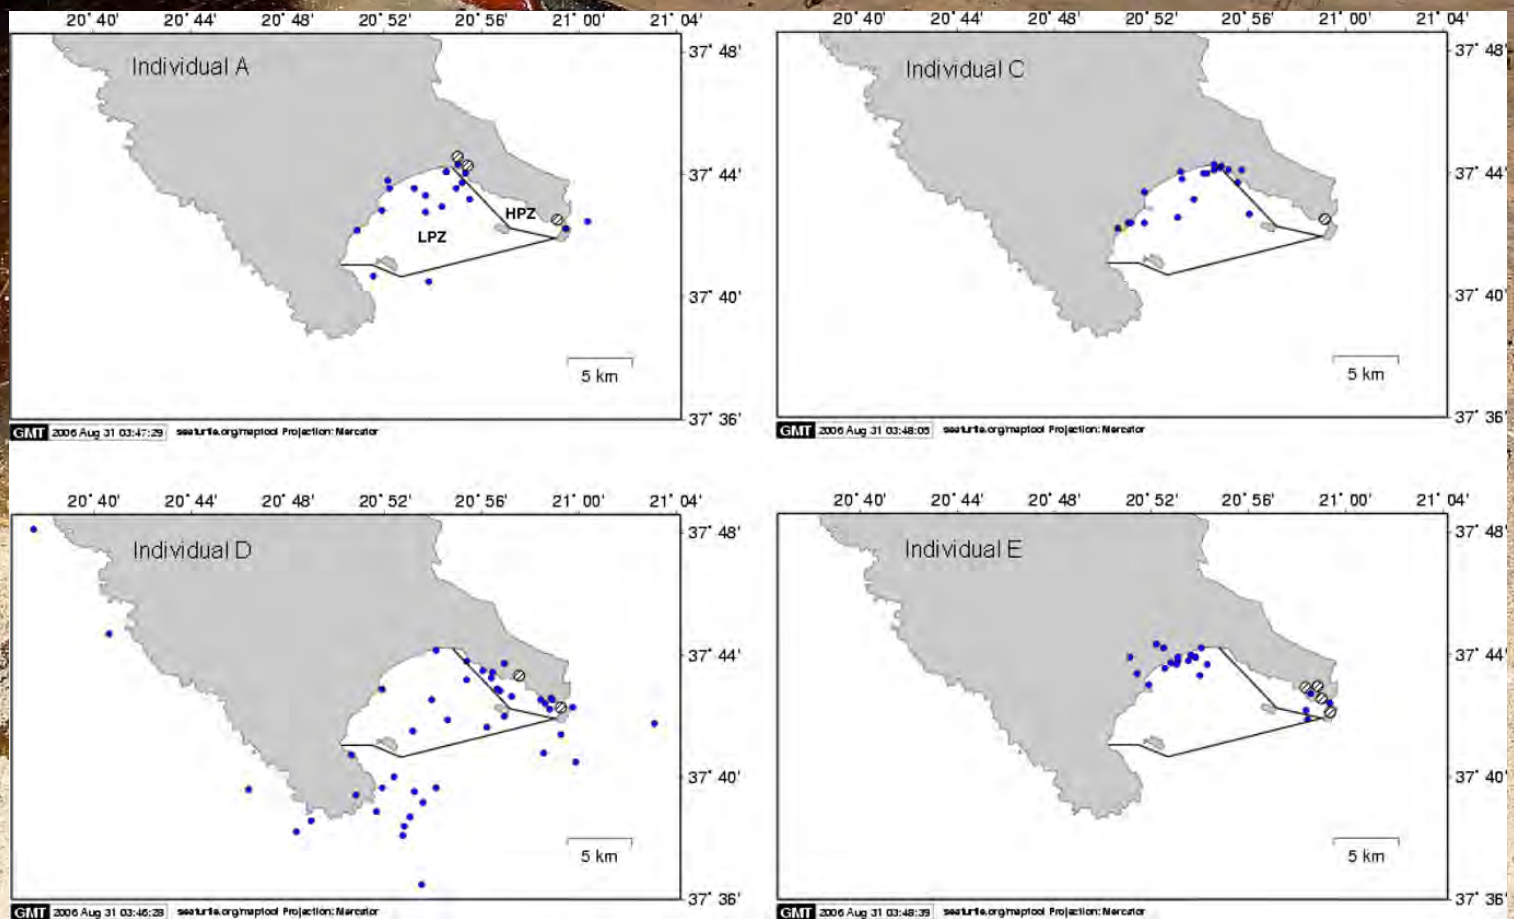

Sample size issues

Use more PTTs
Complement with other data

Tagging reflex? Do we need that kind of information?

**Have a question and decent
sample size – but think carefully**

**Timing, location, other
factors important**

Publish or be damned

**See your project through
by publishing**

**Share your data for maximal
benefit**

STAT facilitates synergies
